

MOULDING

Rubber moulding and plastic injection

P R E C I S I O N

Made in partnership

- Plastic injection
- Rubbers' moulding
- Silicone « LSR »'s moulding
- Overmoulding

Our technical departments' selected materials answer the most demanding technical sheets.

Our engineers will bring the solution to your project in order to realize it !

Rubber, TPE, plastic, silicone "LSR", these are a few examples of our various realizations !

The rubber formulas are developed in our laboratories as per the market's requirement.

- Moulds' development
- Modelling of parts in 3D
- Computer simulation filling
- Moulds' manufacturing
- Moulding and injection workshop
- Assembling
